# *will you help us?*

Dear Mr/Miss

Assalam o alaikum:

Hope you are in best state of health and Iman. Another busy year passed and I am really pleased to share with you the activities, efforts and achievements of Pakistan Kidney Institute(PKI), a not for profit organization providing state of the art health care services to financially under privileged segment of society in field of Urology and kidney transplant.

PKI has spent a very busy year helping and caring for ailing humanity. In past three years PKI has offered clinical services to more than 3000 patients. This includes 406 surgeries in past one year alone including complex cancer surgeries, kidney transplant, stones surgeries using latest equipment and other major and minor urological surgeries, making it 172,000 approximately provided services by PKI since its inception. In order to provide services to poverty stricken people in remote areas, PKI arranged medical camp in collaboration with Marfee foundation, in Skardu where almost 3000 patients were treated in fields of Urology, orthopedics and gynecology.

During flood relief campaign 2022-23 ,PKI provided ration bags for 9000 families, 257 tents, and 3000 winter packages including blankets, quilts etc. To help our ailing brethren hit by massive earthquake in Turkey and Syria PKI has arranged to send 180 surgical sets including specialized instruments for eye, orthopedic, neurosurgery and other surgical specialties costing about 20 million rupees.

PKI is actively engaged in research and education activities and running Urology residency training program currently comprising four residents and two fellows.

I am really happy that Pakistan Kidney Institute has completed its 20 years of providing services for ailing humanity. Your past contributions have been integral to our success, and we are immensely grateful for your commitment to our cause. I am reaching out to you today to seek your continued support for our mission.

May Allah bless you for your support in this noble cause.
